As per the new changed policy of education and different changes occurred after post-covid scenario in the 21st century in all over the world, webinars must be organized for the awareness of the students and teachers. Flipped classroom is a concept of teaching which considered student centric method. Woman autobiography is old subject but it is needed to be revived. For women emancipation and progress they need to be inspired by the autobiographies of great personalities. Dr. Nishita Mam opened the new horizons of second sex autobiographies. All literary pieces are connected with each other. No book is isolated. Women autobiographies must have dignitary place in the literature. Flipped classroom must be created and used by teachers in their daily teaching learning process. For this Webinar both colleges's teaching, non-teaching staff and students were present online through Google Meet.

It was considered the best historical event in our both college history. 204 participants registered for this webinar. The first session started early in the morning at 10.30 am and second session at 11.30. Both the sessions followed by question answers. Hence it was considered as interactive.
